

"Raising the standard of Senior Care"

WELCOME HOME

"Welcome to **Pine Needle of Greenville Assisted Living**, where we are committed to the personal and attentive care your loved one deserves. As experienced senior care professionals, we know that your loved one deserves so much more than what most senior homes can offer. That's why our boutique care home is designed to offer personalized attention in a warm, welcoming atmosphere. From social activities to one-on-one care, our amenities outshine other care homes in Alabama, and our staff of compassionate, highly trained caregivers provide a level of support that cannot be matched by larger facilities. We help your loved one with everyday needs, including dressing, bathing, grooming, personal hygiene, as well as scheduling transportation to doctor appointments.

WHAT WE DO!

Pine Needle of Greenville is a Residential Assisted Living Home located in Greenville, Alabama and is licensed by the State of Alabama. Our beautiful home features 16 private suites with 16 private baths. Each suite features an emergency call system in the bedroom and bath, premium cable, wireless internet, window coverings, and are individually climate controlled. New residents may elect to furnish and decorate their own suite or may select a pre-furnished suite which has been carefully designed by our staff.

Our home provides many amenities including 24-hour staff available to assist our residents with the activities of daily life including but not limited to bathing, grooming, personal hygiene, medication assistance, housekeeping, and laundry. Our home provides our Seniors three nutritious home cooked meals daily along with unlimited snacks and drinks.

Organized activities are structured to encourage physical movement and thought-provoking interaction. Our team of Residential Aides and Dietary Aides strive to provide your loved one with all the comforts of home. Schedule a tour today!

TEMPORARY & RESPITE CARE

We recognize that frequently, elderly individuals need a few weeks or even a few months of assistance as they recuperate from illness or accidents. There may also be a need for some individuals to give their families a break from daily care. Finally, there may simply be a desire to try us out without feeling there is no long-term commitment. Because of these unique requests, we also offer temporary or short-term residency known as Respite Care.
